

Suzanne Updegraff Joins Stephen Covey, Les Brown, & Dr. John Gray in a new book, GPS for Success

Suzanne Updegraff, CEO of Employee Development Systems, Inc., has taken her place amongst the industry's leading experts to share goals and proven strategies for success. In Suzanne's warm, frank and informative style, she shares the insights that she has learned and personally taught to 1 million people. By utilizing these tools, readers will be able to jettison past many of the career roadblocks that face emerging business leaders today.

Denver, Colorado ([PRWEB](#)) May 19, 2011 -- Suzanne Updegraff, keynote speaker and author, has been selected from a nationwide search to be featured in GPS for Success; a highly successful book series from Tennessee based Insight Publishing. The book features best-selling authors Stephen R. Covey (Seven Habits of Highly Effective People), Dr. John Gray (Men Are from Mars, Women Are from Venus), and Les Brown (The Power of Purpose). Suzanne Updegraff, Covey, Gray, and Brown, are joined by other well known authors and speakers, each offering time-tested strategies for success in frank and intimate interviews.

Suzanne's unique insights have helped hundreds of clients throughout the United States excel in their careers, surpassing their peers and competitors. She has personally trained over 1 million individuals in her best-selling course [Increasing Personal Effectiveness®](#) and is a featured contributor in national publications. Delivering solutions to impact personal accountability for results is Suzanne's trademark practice. IPE enables organizations to achieve enhanced teamwork, improve productivity through strategic performance initiatives and build internal communication that impacts day-to-day client focus. Readers are encouraged to download the attached excerpt to find out more.

In this watershed book, Suzanne takes her place among eminent leaders to help readers navigate the complexities of the modern workplace. Her honest approach gives readers a new paradigm for considering appearance, approach, and communication issues, all of which are influenced by the "new workplace," emerging leadership, intergenerational workplaces and the complexities related to technology use. Readers who take advantage of the tools this book presents will see a marked increase in opportunities and career success. Don't be left behind!
